25X1 15. [] LEGISLATION Called Bob Carlstrom, OMB, to check on the status of our letter concerning H. R. 2835, the special prosecutor bill. He said he was working on it at this time. I told him the bill had been reported to the full House Judiciary Committee.

I also told him that we would not be changing our letter dealing with S. 1721, a bill to amend the Administrative Procedure Act. I told him that, in the information he had sent me from State Department, there was no proposed amendment so we would have to insist on our letter.

25X1 16. [] LIAISON Received a call from Ken Bass, in the Office of Legal Counsel at the Department of Justice, requesting information on a so-called Colby-Kissinger agreement related to the Hughes-Ryan Amendment. [] will provide Mr. Bass background information on this subject.

25X1 17. [] LIAISON Spoke with Jean Evans, on the staff of the Senate Select Committee on Intelligence, who is interested in obtaining more background information on the interpretation and applicability of the Director's termination authority (Section 102(c) of the National Security Act of 1947). A meeting has been arranged with [] Office of Personnel, representatives from OGC, and myself for 10:45 a.m. Friday, 28 October at Headquarters. 25X1

25X1 18. [] THIRD AGENCY Received a telephone call from Clifton Fowler, GAO, who inquired about the date and time of a meeting with Mr. Ted Shackley, ADDO. I confirmed that I had received a list of questions he had sent me for discussion at this meeting, and passed them along to the appropriate offices. We agreed on 1 November at 10:00 a.m. in Mr. Shackley's office for the meeting in which Mr. Fowler's questions will be discussed.

STAT

26. [redacted] LIAISON Dick Kaufman, General Counsel, Joint Economic Committee, called concerning the need to insert "(security deletion)" throughout the 23 June 1977 transcript of the Subcommittee on Priorities and Economy in Government where classified material had been excised. [redacted] CSS/NFAC, is doing this.

27. [redacted] LIAISON Called Ben Marshall, Senate Select Committee on Intelligence staff, and reminded him of the FOIA affidavits that were being kept by the Committee for the review of the Subcommittee on Administrative Practice and Procedure, Senate Judiciary Committee. I told Marshall the Subcommittee had rejected our proposal that they review the material in the Senate Select Committee offices and that we would probably show the material to interested Members but not leave it with them. Marshall said he would attempt to locate the material and return it to me.

28. [redacted] LIAISON Stan Taylor, Senate Select Committee on Intelligence staff, called and said he met yesterday with [redacted] regarding [redacted] financial records. Taylor had additional requests regarding these records which I tasked to [redacted]

29. [redacted] LIAISON Called Angelo Codevilla, Senate Select Committee on Intelligence staff, in regards to his follow-up question from the 25 October substantive intelligence briefing of the Senate Select Committee on Intelligence. Codevilla asked about the compatibility of SS-X-16 with SS-X-20 missile shelters, and I told him they were compatible.

GUIDELINES/DEST.

26. [] LIAISON Discussed with John Elliff, Senate Select Committee on Intelligence staff, S. 1566, the electronic surveillance bill. Elliff said that although the Senate Judiciary Committee had reported the report some weeks ago, it, in fact, had not been reported and would not likely be reported for at least two weeks. Elliff said this ensured the Senate Select Committee on Intelligence would take no action on the bill this session.

27. [] LIAISON Met with David Shaw, Senate Select Committee on Intelligence staff, who is developing Senate Select Committee on Intelligence clearance guidelines for destruction of Agency documents. Shaw said he was almost finished and hoped to have a final letter from Chairman Daniel K. Inouye (D., Hawaii) to the Director on this subject out this week. Shaw indicated the Select Committee was not going to attempt to exercise any individual review of documents as this would be too time-consuming.

28. [] LIAISON Met with Hal Ford, Senate Select Committee on Intelligence staff, and told him the name of the Agency employee who had discussed the Committee's A Team-B Team report with Elliot Maxwell, also of the Committee staff, during a recent address by Maxwell. Maxwell had asked that the man's name be passed to Ford in case Ford wanted to talk to him. Ford indicated he did not think he would follow up on this.

29. [] LIAISON Tom Latimer, Staff Director of the House Permanent Select Committee on Intelligence, called and asked for a copy of the "family jewels" which he is aware has been provided to the Senate Select Committee on Intelligence. I told Latimer we would get these to him in the next day or so.

30. [] LIAISON Rhett Dawson, staff member of the Senate Armed Services Committee, called and requested that I stop by tomorrow to discuss a matter. He also asked that we then set up a specific time sometime next week for his visit to the Agency to talk to our people on SALT.

25X1 29. [] LEGISLATION Called Phoebe Felk, OMB, to obtain clearance for a letter to Chairman Edward Boland (D., Mass.), House Permanent Select Committee on Intelligence. I read the letter to her over the phone, and after some consideration she gave us the go-ahead. 25X1

[]

25X1 31. [] LIAISON [] DIA, called stating that they had a letter from Admiral Murphy, DOD, asking for a rundown on procedures set up by the Senate Select Committee on Intelligence and the House Permanent Select Committee on Intelligence for handling information. [] response included a statement that the Director had approved the storage facilities of the two Committees and also had approved the respective rules of procedures. [] was checking to be sure that his response was accurate. I told him that the Director had certified the adequacy of storage facilities but had not looked at the rules of procedures from an approval standpoint since these are internal Committee documents. I did mention the Memorandum of Understanding which had been executed with the Committees. 25X1

25X1 32. [] LIAISON Sy Shwiller, House Armed Services Committee staff, called asking if he could read the current NIE on the Soviet nuclear program. I told him I would check on the matter and get back to him. 25X1

11. [] LIAISON Bill Miller, Staff Director, Senate Select Committee on Intelligence, called to ask about the documents which we had promised would be delivered to him today. After checking with Ted Shackley, ADDO, I told Miller that unfortunately we just were not able to complete the job today and he agreed that we would get them to the Committee along with the sanitized memoranda of dissemination, which he suggested we send over on Monday.

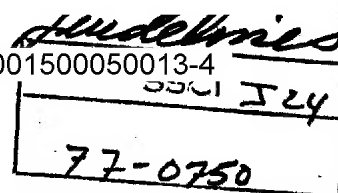

Miller said that some of his staff were having difficulty regarding the sanitization of material we had provided last weekend and he arranged with me for David Bushong, also of the Committee staff, to detail these problems on the secure phone.

12. [] LIAISON David Bushong, Senate Select Committee on Intelligence staff, called on the secure phone to say that our broad deletions of material provided the Committee last weekend on the Panama/drug issue were giving them some problems in their use of the material. He specifically mentioned the excision of the cable numbers and the names of persons who signed off on certain cables. In response to my query as to why he needed the numbers, he said that in a number of instances there were cross-references between the cables and without the cable numbers it was virtually impossible to follow these cross-references. I have passed Bushong's comments and several requests which he dictated to us along to Ted Shackley, ADDO. Mr. Shackley said that this same objection had been raised by the Senate Select Committee staff earlier and he had taken steps to provide them with the information needed and to include this material, where possible, in future submissions of material.

13. [] LIAISON Attended Frank Moore's, Assistant to the President for Legislative Liaison, meeting of the principal Congressional liaison officers. As expected, the main topic of discussion was the President's energy program. I advised Moore of our contacts with the Senate Select Committee on Intelligence on the Panama/drug issue and also mentioned that the SCC would be meeting next week on the draft revisions of Executive Order 11905.

23. (Unclassified - YTF) LEGISLATION Keith Raffel, on the staff of the Senate Select Committee on Intelligence, called and said that he was working on our death gratuity legislation. He wanted information on the kind of life insurance coverage CIA employees had, especially those employees serving overseas.

24. (Unclassified - RLB) LEGISLATION Met with Elliot Maxwell and Pat Norton, on the staff of the Senate Select Committee on Intelligence, to discuss matters relating to intelligence charter legislation. I passed to Mr. Maxwell some material on the administrative provisions of his draft bill and a copy of "Report of the Interagency Committee on Overseas Allowances and Benefits for U.S. Employees." Mr. Maxwell indicated that Senator Walter Huddleston (D., Ky.), Chairman of the Subcommittee on Charters and Guidelines, fully intended to introduce an omnibus intelligence charter bill by the end of this month.

I spoke with Mr. Maxwell later by telephone to inform him that the interagency working group on definitions would make every effort to provide substantive definitions by next week in response to Senator Huddleston's 19 September request for definitions on 26 intelligence terms. He said that whatever we could provide him would be considered in their final draft of the intelligence charter bill. I asked that he relay this to Senator Huddleston in lieu of sending a written interim reply, and he agreed to do so.

25. (Unclassified - JEC) LEGISLATION Called Allan Coffey, Minority Counsel, House Judiciary Subcommittee on Administrative Procedure and Governmental Relations, to check on the results of the full Committee mark-up of financial disclosure legislation. He said that our amendment concerning "cover reports" had stayed in the bill by a vote of 19-9. He added, however, that there was a possibility of a floor amendment being offered to strike our amendment.

26. (Unclassified - JEC) LEGISLATION Called Phoebe Felk, OMB, to tell her we were planning to send a letter expressing the concerns we had with financial disclosure legislation to Chairman Edward Boland (D., Mass.), House Permanent Select Committee on Intelligence. I explained to her that we would be noting the same concerns which OMB had previously cleared for transmittal to the House. She was somewhat fuzzy on this and asked that we send the letter for clearance prior to sending it to the Committee.

5. [] LIAISON Received a call from Elliot Maxwell, Senate Select Committee on Intelligence staff, regarding Senator Walter D. Huddleston's (D., Ky.) letter to the Director asking for more information on the National Security Act Section 102(c) termination authority. I had earlier discussed with Maxwell the possibility of reducing this request for background data, and Maxwell informed me that he still hoped to have 15 years' statistics, but would settle for ten or seven if 15 years was too large a research job.

25X1

6. [] LIAISON Received a call from Chip Andre, in the office of Senator Richard G. Lugar (R., Ind.). Andre said the Senator had become aware of allegations that ten U. S. Navy personnel were imprisoned in the Soviet Union for espionage. Andre gave me a list of the names. I referred Andre to the Defense Department and called Colonel Steve Harrick, DOD Legislative office, about this. Harrick confirmed that DOD should handle it and said he would call Andre.

7. [] THIRD AGENCY Called Clifton Fowler, GAO, to advise him that, due to the uncertainty of our current position on access to any additional []-related documents, we saw little purpose in his meeting with Mr. Shackley, ADDO, on 13 October, as had been scheduled. I suggested instead that he should get together with [] and myself on 11 October for a discussion of his requirements. Mr. Fowler thanked me for the offer and agreed to the meeting.

8. [] THIRD AGENCY Paul Daly, FBI, telephoned to advise me that CIA would not receive a letter from the Attorney General with regard to our granting access to []-related documents, a matter Mr. Daly had agreed to explore in our behalf. Mr. Daly provided the rationale for Justice's position in this matter and I thanked him for his efforts in our behalf. (See note to [] and George Cary.)

9. [] LIAISON I called Beverley Lumpkin, Administrative Officer, House International Relations Subcommittee on International Organizations, to confirm with her the identities of those staffers who had received CIA compartmented briefings. Ms. Lumpkin's information checked with our file information and she agreed to have those staffers who have been briefed on compartmented material sign the Central Intelligence Agency Communications Intelligence Indoctrination form.

[REDACTED] LIAISON I finally reached Ben Marshall, Senate Select Committee on Intelligence staff, and informed him that Senate Select Committee on Intelligence staff members were welcome to eat in the south cafeteria, rendezvous room and upon invitation, the executive dining room. He said he wanted to make this clear to the Committee staff.

I asked Marshall about the bell boy arrangement Chairman Daniel K. Inouye (D., Hawaii), Senate Select Committee on Intelligence, had and he confirmed that Chairman Inouye's bell boy was strictly commercial and had no ties with the CIA Operation Center.

I asked Marshall about the acknowledgements of compartmented briefings which we asked Senate Select Committee on Intelligence staff members to sign some time ago and he indicated they were signed and he would give them to me the next time I was in the Committee office.
